Commissioner for Patents

Applicant's election filed 10 October 2006, in response to the restriction requirement mailed 16 May 2006, is non-responsive. Applicants has elected both Group VI and Group VIII for prosecution. However, 37 CFR 1.143 ("Rule 143") states:

"§ 1.143 Reconsideration of requirement.

If the applicant disagrees with the requirement for restriction, he may request reconsideration and withdrawal or modification of the requirement, giving the reasons therefor. (See § 1.111). In requesting reconsideration the applicant must indicate a provisional election of one invention for prosecution, which invention shall be the one elected in the event the requirement becomes final. The requirement for restriction will be reconsidered on such a request. If the requirement is repeated and made final, the examiner will at the same time act on the claims to the invention elected."

Thus, Applicants may argue for other groups to be rejoined, but must make a (clear) election of a single invention, i.e., one Group.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to James S. Ketter whose telephone number is 571-272-0770. The examiner can normally be reached on Monday-Friday.
